# Designed to Meet Your Productivity Requirements

**The DS150/180 folding inserting system makes operational excellence a reality for your mail processing needs.**

It's modular design supports the widest range of mailing applications - from direct mail campaigns to highly sensitive mailings such as medical billing, payroll and financial statements; the **DS150/180** has the features and technology to meet the demands of your business with ease.

Enhance the productivity of your mail centre with the **DS180**. It has earned the designation of the "Performance Version" for its increased processing speed, envelope capacity, enhanced sealing capacity and productivity. The **DS180** can be customised to process your applications with up to 8 system modules and 17 feeders.

Automate and simplify the final step of your mail processing to further maximise productivity. The **DS180** optional output sorting capabilities and Postage Meter Interface (PMI) eliminate manual tasks, which are time consuming and prone to human error. The **DS150** and **DS180** offer a range of features to meet the new standard in productivity for your business.

## Caring for the Environment

Neopost aims to use materials in their products that have a high potential for reuse or recycling.

Neopost has reached a new level of efficiency mostly due to an automatic standby mode. The **DS150** and **DS180** are also compliant with environmental regulations (ErP, REACH, RoHS and WEEE).

### Energy

The **DS150** and **DS180** saves up to 55%\* of energy (based on average use of 75,000 envelopes/month) due to the automatic standby mode

### Recyclability

The recovery rate is at least 85% (in weight)

\*Compared with our previous model

## Full Content Control and Security you can rely on

The exclusive Neopost scanning device can read many types of coding, including OMR 1 and 2 tracks, 1D barcodes and 2D data matrix.

Furthermore, the code can be printed anywhere on the document, providing the flexibility to fulfill any layout requirement.

It is also a secure foundation for complete, detailed and accurate reporting of your mail production.

The **DS150/180** can deliver a full production report, including a record of each scanned document, to verify the integrity of every mailing.

## Automate your Document Processing

Neopost's Output Management Software will get the best out of each and every one of your documents.

- Automatically add Barcodes at the right place to drive your folder inserter
- Remove your old OMR marks, giving more value to your document
- Select inserts from multiple trays
- Guarantee your mail integrity with secure control marks
- Split your print file based on number of pages

**Colour Touch Screen**  
Intuitive user interface has an adjustable full colour touch screen

**Reading Insert Feeder**  
Provides ability to use the insert feeder with matching applications

**Feeder Folder**  
For customer applications with documents requiring different fold types

**Insert Feeder**  
Feeds business reply envelopes and inserts up to a thickness of 4mm

**Double Insert Feeder**  
Compact solution for multiple inserts

**Tower Feeder Folder**  
Can be configured with one to three stations for maximum flexibility

**State-Of-The-Art User Interface**

The **DS150/180**'s large colour graphic interface reaches new heights in user friendliness and workflow programming. Once a job has been programmed into memory, running it is a simple matter of loading the trays, selecting the job and pressing start. Even changing over to a completely different job takes only a few minutes.

The **DS150/180** streamlines productivity every step of the way, from efficient paper loading to predictive intelligence that estimates when your job will be completed.

**Maximise Your Productivity**

The **DS180** Performance Version delivers optimal practical speed - maximising your mail centre's productivity.

- High processing speed (up to 5,500 documents per hour)
- Fast multi-sheet collation (up to 4,700 envelopes per hour for 2 sheets collated)
- Cascading mode to maximise practice speed
- High capacity document and envelope feeders

## The New Standard in Productivity

### Adapt the DS150/180 System to Your Needs

The modular design of the folder inserter can be configured with 1 to 17 feeders using the Performance Version, so you can always have the capacity to meet the changing needs of your business. Simply add the right module at the right time - as applications change or your company grows.

Features	DS150	DS180
Speed - 1 sheet letter fold	Up to 4,500 / hr	Up to 5,500 / hr
Speed for 2 sheets collated	Up to 3,400 / hr	Up to 4,700 / hr
Modules + base	Up to 4	Up to 8
Feeders	Up to 9	Up to 17
Documents feeder capacity	500 or 1,000 sheets	
Envelopes feeder capacity	400	800
Sealing fluid capacity	1 Litre	10 Litres
Touch screen control	Yes	
Automatic job setup	Yes	
Multiple sheet feeding	Yes	
Cascade from feeders	Yes	
Divert bin for documents	Yes	
Hand feeding	Yes	
Electric Postage Meter Interface	Yes	
Job memory	Unlimited	
Fold types	Letter, zigzag, single, double parallel, no fold $\triangle Z \angle \leftarrow \_$	
Folding capacity	Up to 8 sheets	
Envelope output conveyor	500	
Material Specifications		
Documents size	76 x 140 mm to 228 x 406 mm	
Envelopes size	89 x 152 mm to 165 x 264 mm	
Insert thickness	Max. 4mm	
Set thickness	Max. 6mm	
Mail Quality and Security		
Accumulation before folding	Yes (optional)	
Optical Mark Recognition (OMR)	Yes (optional)	
Barcode Reading (BCR)	Yes (optional)	
2D data matrix	Yes (optional)	
Automatic double detection	Yes (all feeders)	
Automatic document measurement	Yes (all feeders)	

## Your Needs, Your Solution

Neopost Finance is committed to helping you manage your investment. Through our internal financing program, we reinforce our commitment of providing flexible financing solutions. Our professional and helpful staff offer you first rate customer service in providing you finance alternatives for Neopost equipment and services.

## We've got you Covered.

Neopost's customer support is there for you with our contact center and trained technicians who are ready to assist you. We are committed to providing you with world class customer satisfaction and offer automatic diagnostics with our product line. Neopost ensures the best customer and after sales service in the world. Whether for advice or support, you will benefit from our commitment to supply first-class service - on the phone, onsite or online.

## Why Choose Neopost?

Neopost is a global leader in mailing solutions, shipping services and digital communications. We believe that people are the key to business success. That's why our products and services are tailored to help your organisation improve the quality of its interactions and bring people closer together.

In this age of multichannel communications, we guide and empower you to interact in new and innovative ways. We advise you on how to create cost-cutting synergies. And we deliver global coverage with a strong local presence, offering you continual support by phone, onsite or online.
