## GUARANTEED SUPERB LAMINATING RESULTS

### QTOPIC-380

- Exchangeable PCB
- Semi-auto feeding paper gap
- Air compressor inside the body
- Strengthened laminating pressure
- Ergonomic touch screen
- Multi-step pressure control
- Cantilever type film shaft
- Decurling device are equipped

### EXCELAM PLUS 655R

- Infrared Heater System
- Multiple jobs in one machine
- Independent temperature control
- High laminating quality
- Aerodynamic cooling system
- Multi-step pressure control
- Installed film tension unit
- Easy to control

Made in Korea
