### Switch

Equipped with knob switch which is easy to operate

### Powerful motor

Powerful motor designed for high shredding capacity for thicker materials

### Casters

Casters are designed to move the shredder to different locations easily

## NEOSHRED Cardboard Shredder

**Use and re-use:** Using cardboards which you already have reduces the need for environmentally hazardous materials and break down much faster when discarded.

**Less storage:** NeoSMART eliminates extra trash bin needed to store old boxes before they're picked up for recycling

**Save money on recycling:** Do you pay to have your recycling picked up every month? When you shred cardboards, and use it for packaging you spend less on pick up especially by weight.
