AS-520C

PROCESS COLOUR PRINTER FOR ALL YOUR NEEDS

LOW VOLUME, HIGH-QUALITY ADDRESSING SOLUTION

The AS-520C addressing solution is a user-friendly, entry level system that prints full process photo quality color, making it perfect for high impact, low volume mailings. With the AS-520C you can produce professional envelopes, at a price you can afford.

Utilizing exclusive HP Photosmart® software and print technology to produce accurate colors, the AS-520C has photo realistic print quality that is unmatched. Its shuttle head design provides for a generous print area of 215 mm wide by 406 mm high where you can use a full array of colors and TrueType fonts to add attention-generating photos, graphics and logos. Economize your mailings by printing barcodes to meet postal pre-sorting guidelines. The AS-520C can print postcards, envelopes up to C4 and documents all in a single pass.

Addressing up to 4,000 DL envelopes per hour, the AS-520C is the perfect printer for offices and small mail operations that don't have the volume to justify a large expenditure. The AS-520C is built with high-grade steel and metal construction to provide unsurpassed reliability.
